Marketing & Strategy: SEO Optimization, ROI Consultancy, Conversion Rate Optimization (CRO)

WORK EXPERIENCE

Senior UX/UI Designer & Developer | Freelance

(2022 - Present)

Key Achievements:

- Designed and deployed responsive web interfaces and Three.js 3D landing pages for 15+ global clients.
- Created unified UX design systems that boosted user conversion rates by average of 25%.
- Provided strategic SEO & ROI consultancy, improving Google search rankings to page 1 for target keywords.
- Engineered custom templates with fast page speed performance scores exceeding 90+ on Lighthouse.

UX/UI Designer & Junior Frontend Developer | Design Studio

(2020 - 2022)

Key Achievements:

- Collaborated closely with backend engineers to translate high-fidelity Figma mockups into interactive frontend templates.
- Conducted comprehensive user research, customer interviews, and usability testing to iterate on designs.
- Contributed to the redesign of 5+ client e-commerce platforms, optimizing checkout funnels and mobile usability.

PROJECT HIGHLIGHTS

PixelPush App - Created custom UX flows and interactive layout prototypes for a high-performance design tool.

Institution Management System - Developed responsive templates for digital storefronts with optimized speed and Bootstrap grid structure.

3D Web Prototypes - Built WebGL/Three.js assets to display immersive 3D products directly inside web browsers.

EDUCATION

Bachelor of Science in Computer Science & Design

Indian Institute of Technology Kharagpur, West Bengal, India

(Graduated 2020)
